

Product Data Sheet

September 2013

Product Name: ORGANIC Pinto Beans in BPA Free pouches.

No one else packs beans in pouches! Not Yet!!

No other packaging delivers beans so clean, beautiful and whole!

Mushy Canned Beans: Many beans (kidney, black, butter etc.) get compacted in the lower part of the can and get mushy, as there is no room for those to swell while being cooked in the can. Beans in pouches have freedom to swell in all directions, while being cooked in the pouch and thus remain whole and attractive. Pouches empty out easily, while mushy beans are hard to get out of the cans.

Ingredients: Organic Pinto Beans in water with a little salts of sodium and calcium from sea water.

Grown, Processed and Packed in the USA.

Recipes: Recipes for Black bean Soup and Bean Salad are on the package and more on the web site.

Package: BPA Free Pouches, 10 oz net weight (284 g)

Shelf Life (from date of production): 2 years

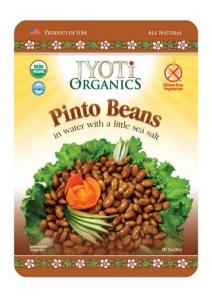

Jyoti Natural Foods 300 Elmwood Avenue Sharon Hill, PA 19312
